

ABOUT SUYA

SUYA shows the uniqueness of Kenya: genuine, authentic, and as distinctive as the culture itself. Our goal is to awaken your childhood memories or reveal a whole new cuisine to you.

The name SUYA embodies our mission: «Speak up young Africa», an initiative dedicated to promoting the visibility of African cultures in all their uniqueness.

This time we are inviting you to a special event: Choose whether you want to sit at a single table or spend the evening with other guests: Take a seat at our large table and experience authentic Kenyan food culture together with other guests. Simply register for the open table when you make your reservation.

Our pop-up restaurant in Exer happens during 9–19 october. Our opening hours are:
